

# MEDICAL EVACUATION INSURANCE PROVIDERS

Due to the high cost of evacuation from Antarctica, all guests are required to hold Medical Evacuation Insurance for the duration of their experience and at least 7 DAYS BEYOND their return Antarctic flights.

**\$150,000 (USD)** required for Mount Vinson, Antarctic Odyssey, Ski Antarctica, Climb Antarctica, and Ice Marathon or 100k

**\$300,000 (USD)** required for all other experiences and expeditions that travel outside the Ellsworth Mountains

**Mountaineering:** Guests on mountaineering experiences must hold specific coverage for roped travel and climbing.

**Skiing:** Guests on ski experiences must confirm that their policy covers skiing in Antarctica.

**Races:** Guests competing in the Ice Marathon or 100k must confirm their policy covers races and/or endurance events.

**Trip Cancellation Insurance** is not required but we enforce a strict Refund Policy and strongly advise you to purchase Trip Cancellation and Interruption Insurance to protect yourself against an event which may force you to cancel your trip or leave an experience early.

We've created this list of insurance providers to assist you in researching the policies available to Antarctic travelers. As our expertise lies in Antarctic operations — not in the nuances of insurance — we strongly recommend that you address specific questions to your insurance agent and take time to thoroughly understand the policy you purchase and its exclusions.
